ABOUT US

Nature's one of the finest products draws its unique aroma and taste from the special soil and climatic conditions found only in the mighty and misty land. Carefully nurtured by skilled farmers and harvested at the perfect time, each grain reflects generations of tradition and expertise. From the fields to the final pack, every step is guided by purity, authenticity, and quality-this is where the story of each bag of NATURAL GRAINS begins.

Cooking Methods

GENTLE BOIL

Take a 1:3 ratio of rice and water in a bowl, boil it while stirring it occasionally reduce heat and boil gently, for 12-15 minutes, while keeping the bowl uncovered, drain well and serve

PRESSURE COOKER

Take 1 cup of rice add 3 cup of water place it in a pressure cooker and keep it on a burner for required time. After it is cooked, leave it for 5-10 minutes and enjoy the healthy and delicious rice

ELECTRIC COOKER

Add 1 cup of rice add 3 cup of water place it in a electric cooker, switch on and when it automatically shuts off, wait for 5-10 minutes and take out rice and serve
